

Nice to see you here!

I'm **43.3** inches tall, **47.3** inches long and **39.4** inches wide.

I'm huuge!

Built to be super tough and resilient, I can withstand multiple trips over many years.

I'm also lightweight, easy to assemble, disassemble and keep clean.

Hi, I'm ALPAL.

I'm made from the highest quality, FDA-approved materials and I carry up to **2,204.6** lbs.

You can use me to store, move and deliver a wide range of product.

My entry points are designed to help you move around easily in any storage facility you place me in. Plus, I can be stacked up to 6 high to make room for even more products!
